

ESSEX WAREHOUSING

Wrabness storage facility is conveniently located close to the main UK container ports of Felixstowe, Tilbury, London Gateway & the RORO port of Harwich, with good road links to the A12 & the A14 serving London, the Southeast, the Midlands and East Anglia.

The facility specialises in the handling, storage and distribution of goods arriving by road particularly containerised and RORO traffic and has developed a reputation for providing a timely, efficient and cost effective solution to off-set some of the higher costs associated with handling traffic of this type.

Wrabness handles a diverse range of cargoes including fertilisers, dry bulks, packed, crated and palletised goods

Warehousing Criteria:

- 12,000 m2 of secure ambient warehousing.
- Rip & tip & tanker loading.
- Packing and palletising by arrangement.
- Container devanning & loading.
- UK Haulage.
- Customs approved warehousing.
- COMAH (lower tier) approved.
- ISO 90001 accredited.
- Stock control & documentation.
- Experienced personnel.
